PURCHASE AGREEMENT

Descriptions of each e-Monitor service component are as follows:

- **Weekly Updates** – CI will deliver a new Update report every other week that tracks and aggregates key changes to the coverage set's public and authenticated investor websites and mobile apps. Update publications track all changes to the web platforms, including both public and authenticated capabilities, revamps, new tools, campaigns, messaging, transaction functionality, etc.
- **Monthly Reports** – Each month, CI will deliver a comprehensive benchmarking report that focuses on topics such as a comparison of the user experience in areas such as mobile self-service capabilities, online bill pay, performance reporting tools, etc. Reports offer a deep dive into one aspect of the user experience and benchmark industry leaders using detailed criteria. Reports regularly provide ratings of each firm analyzed, best practices examples and screenshots with recommendations for enhancement.
- **Web Capability Matrix** – This detailed Excel document tracks the features, tools, and web capabilities of each coverage group firm. It is updated quarterly to stay current with recent changes. The Matrix provides a side-by-side comparison of each firm's investor platform capabilities, allowing readers to quickly understand how the investor experience differs among competitors. The Matrix features over 200 data points per firm.
- **UX Connect** – We provide virtual access to the accounts we track by filming the authenticated platforms, enabling you to experience competitors' design, navigation, functionality, and user interface.
- **Analyst Support:** Support for routine client questions, requests for clarification and competitor screenshots are provided by Corporate Insight Analysts at no additional cost (Special/proprietary studies are addressed as custom projects and billed separately).
- **Orientation Training:** We will provide an orientation training session for all personnel that will be using the research. This session is designed to help your team understand how to best leverage Monitor deliverables and tools. We're happy to provide additional orientation sessions whenever you'd like to give new teams or team members access to our research.
- **Enterprise-wide access** to all eMonitor research and services is included for all Client employees. Users need to have a "[username]@ihsmarkit.com" or "[username]@spglobal.com" email address to register.
