Dear Catherine

Change Request 22 to Services Agreement (CON-002772)

National Australia Bank Limited, Level 3 (UB3350), 800 Bourke Street, Docklands, Victoria 3008, ABN 12 004 044 937 ("**NAB**") and Markit on Demand, Inc., (previously Wall Street On Demand, Inc.) a corporation incorporated in the state of Delaware, USA, with a principal place of business at 5718 Central Avenue, Boulder, Colorado 80301 ("**Service Provider**") entered into Services Agreement CON-002772 dated 8 December 2009 (**the Agreement**).

This letter is a **Change Request** in accordance with the Agreement where amendments to the Agreement are set out in this Change Request by:

- Setting out the additions to terms; or
- Identifying changes to terms as shown by underlining or strikes out.

Purpose of Change:

The purpose of the change is summarised as follows.

- Revised Application Service Fees
- Additional flex capacity rate for full time resources in the retained team
- Change to Payment Clause
- Consolidation of scope of Services (except for the Services no longer provided as specifically highlighted in Exception to Consolidated Services in Attachment 1) and outline of current Services as listed out in Attachment 1 hereunder

Details of Change:

1. **Retainer Resources**: Markit will provide Client via a dedicated Service capacity equivalent to four (4) Full Time Resources ("FTEs" or Retainer Resources or Retained Capacity) to support Client during the Renewal Term via the provision of maintenance, enhancement, development assessment and other similarly related Services. For the avoidance of doubt, Client shall not be permitted to decrease the number of FTEs or terminate the Services of such Retainer Resources during the Renewal Term.

2. **Revised Application Service Fees**

2.1 For the avoidance of doubt section 9 Fees, part (b) of the Letter part of the Agreement is amended and includes a fee adjustment related to the termination of some Services as described in section 5 of this Change Request. The clause is replaced as follows and will be back dated and effective from 01 December 2020.

2.1.1 (**Application Services Fees**)

The following table summarises the monthly Application Service Fee payable for ongoing scope of Services as defined in the Agreement.

Item	Total Cost $USD/month	Total $USD/Year
Application Service Fee from 01 December 2020	$82,500	$ 990.000
Retainer Team from 01 December 2020	$70,000	$ 840,000
Total	$152,500	$1,830,000
Application Service Fee from 01 June 2021	$86,500**	$1,038,000**
Retainer Team from 01 June 2021	$70,000	$ 840,000
Total Annual Fee	$156,500	$ 1,875,800

** the total cost includes the Fees for additional mobile image charts (to be launched on the date) as specified under section 1.5.2 of Appendix 1 below.

2.1.2 (**Additional Users**)

In addition to the above, the monthly fee includes the first 875 concurrent streaming users. Additional concurrent users will incur the following incremental monthly fees:

Approximate Concurrent Users	Additional Monthly Fee
876 - 1750	US$2,000
1751 - 2625	US$2,250
2626 – 3500	US$2,500
3501+	US$0.70/USER

2.1.3 (**Alerts**)

In addition to the above, the monthly fee includes the first 7,000,000 alerts per month. Additional alerts will incur the incremental fee of USD$0.004 per alert.

2.1.4 (Additional Flex Capacity)

Upon mutual agreement, detailed requirements from NAB, previously supplied full time ("FT") resource sizing from Markit, and with a minimum notice of forty-five (45) days in advance, NAB may elect to increase the monthly retained capacity by up to three (3) FT resources. NAB agrees that Services provided by this flex capacity will be discreet, project specific and assigned in increments of 0.50 FT resources based on the Service Providers accepted initial estimations. The fees will be charged on a per FT resource basis at US$17,500/month per FTE.

3. Clause 3 (a) Schedule 1 General Terms and Conditions

3.1 Clause 3 (a) Schedule 1 General Terms and Conditions is deleted in its entirety and replaced with the following:

3.1.1 **Payment Terms** "NAB is not required to pay any amount to the Service Provider under this Agreement until it has received an accurate invoice which details the Services and Deliverables provided and the resulting amount due, and the contract number for this Agreement. All Fees and charges invoiced in accordance with this Service Agreement and any amendments thereof, will be paid by NAB within 30 days of receipt of a valid invoice, unless otherwise expressly provided by this Agreement. NAB will not be liable to pay any amount not calculated in accordance with this Agreement or not meeting the requirements of this clause. NAB will not be liable for any disbursements or expenses incurred by the Service Provider in the provision of the Services unless such disbursements or expenses have first been approved in writing by NAB.

4. Appendix 1 is replaced in its entirety by Attachment 1 appended under this Change Request which lists out the current and ongoing Services.

5. Appendix 1a is added by Appendix 1a in Attachment 1 of this Change Request.

6. Services consolidation and Services terminated.

6.1 Services added or removed through the execution of Change Request 1-21, since the commencement of the Agreement, have been consolidated and by omission, terminated, by the replacement of Clause 4 (a) with the following;

4 (a) During the term of the Agreement, the Services Provider must provide the "**Services**" as described in Appendix 1 Chart Package Features List and Appendix 1a Services.

Change Request 22 to CON-002772

I trust that you agree with the above terms and conditions of this Agreement. Should you agree, please sign and date a copy of this Letter and return it to me.

Yours faithfully

Full name: WARREN   BECKERMAN

Position: Head of Strategic Sourcing Technology

National Australia Bank Limited

The Service Provider hereby agrees and accepts the terms and conditions as outlined in this Change Request in respect of the Service Provider's appointment by NAB as a Service Provider.

Signature: *Catherine Allegra*

Full name: Catherine   Allegra

Position: Senior Vice President

Date: May 31, 2021

Attachment 1

Exception to the Consolidated Services

For clarity, the following Services will no longer be provided to NAB:
- Sharewith functionality which was previously provided under Change Request 02 to CON-0022772
- Widgets functionality which was previously provided under Change Request 02 to CON-0022772

Appendix 1

Consolidated Services

1.1. Core Services:

1.1.1. Streaming quotes and charts: in-page quote and chart streaming for 5,000-10,000 concurrent monthly users. Price and chart information will update dynamically without the user needing to refresh the page.

1.1.2. Quote counting: royalty quote counting on any applicable exchanges as per Clients' exchange licensing agreements

1.1.3. User tiers/entitlements: permission data to various user types depending on NAB custom requirements

1.1.4. Streaming, real time and delayed quote data management. Per Client's exchange licensing agreements covering the following exchanges:

1.1.4.1. ASX, London Stock Exchange (LSE), NASDAQ, New York Stock Exchange (NYSE), NYSE Amex, German Xetra, Hong Kong Stock Exchange (HKSE)

1.1.5. Third-party and proprietary data management: ingestion, normalization, business rules and transference to Client in agreed upon manners (e.g. fully hosted, API, charting, images, etc.) of all licensed third-party and proprietary Client data. Including the following:

1.1.5.1. Iguana 2: market depth and detail data (ASX Only)

1.1.5.2. Quote: Refinitiv, Morningstar and SIX Financial streaming, real time and delayed quote data

1.1.5.3. Morningstar: fundamentals, fund data, ASX Announcements (ComNews), financials (income statement, balance sheet, etc.)

1.1.5.4. Client proprietary: holdings and transactional data, top 20s/movers

1.1.5.5. Thomson Reuters: news, research and fundamentals data, TRBC sectors and industries

1.1.5.6. ASX data: reference point, dividends, mFunds pricing and documents,

1.1.5.7. Trading Central data: research reports

1.1.5.8. BRR Media: audio and video news data

1.1.5.9. Datascope data: reference, commodities and historical pricing data including end of day**

**Note: the scope of Service listed above under 1.1.5 for third-party and proprietary data management, is not a comprehensive list and is subject to change. Client may either add addition Services, at an additional cost or replace the Services at a one-time additional fee payable to Markit. This does not impact the monthly ongoing fees which will be in accordance with the revised application Service Fees section under this Change Request.

1.1.6. Incident management and resolution for any and all Client reported issues which follows the processes outlined under section 5 (Service Support) and section 6 (Problem Management) of Schedule 3 – Performance Measures under the Agreement.

1.2. Back end Services:

1.2.1. Alerting: Alert triggering and delivery via XML to third-party for SMS, email and/or portal alerts. Total alerts triggered per month covered at up to 7M total alerts triggered per month to be used for any of the following Services. Should the number of alerts exceed 7 million in a calendar month the additional alerts will incur the incremental fee of US$0.004 per alert:

1.2.1.1. Automatic Alerts: nabtrade users are automatically signed up for price sensitive announcements and dividend announcement alerts automatically

1.2.1.2. User opt in alerts: nabtrade users able to opt-in and manage alert triggering and delivery mechanism for both ASX and international alerts of type:

1.2.2. Daily Xref files: deliver daily tradeable universe files to NAB for the London Stock Exchange (LSE), NASDAQ, New York Stock Exchange (NYSE), NYSE Amex, German Xetra, Hong Kong Stock Exchange (HKSE)

1.3. Front end hosted web Services which include the back-end Services required to display:

1.3.1. Nabtrade desktop site:

1.3.1.1. Insight Centre - Market Research/Markets Today: CMS, Global Index/Australia charting and data, ASX Announcements, Top 20s, Ticker tape, Watchlist, Commodities, Research Rating Changes, Investment Ideas, Global Currency, News, ASX Dividends, International Dividends, Reports, Companies in News

Appendix 1a - Chart Package Feature List

1. HTML5 Charts
a) General Features
- Full HTML5 chart documentation
- Panning and zooming of all chart data (including all indicators)
- Dynamic backfilling of data when panning and zooming (including all indicators)
- Smart dynamic X and Y axis labels while panning and zooming
- Responsive Breakpoints

b) Upper Indicators & Inputs

Any new upper indicators that are added to the charting package will be available to NAB at no additional cost.

- Bollinger Bands
  - Period: 20 as default, editable by end user
  - Standard Deviation: 2 as default, editable by end user
- Exponential Moving Average (EMA)
  - Period: 20 as default, editable by end user
- Linear Regression
- Moving Average Envelope
  - Period: 20 as default, editable by end user
  - Percent Upper/Lower: 5 is default, editable by end user
- Price Channel
  - Period: 20 as default, editable by end user
