Features

Event-Driven	*Broad universe of events*	Includes: • Price-based technical events • Dividend and earnings announcements • Provider reports including analyst upgrades or downgrades • Event-driven data sources • Add new event categories based on our data catalog or your own provided data
Customizable	*Client-configurable importance ranking*	Configure: • Types of events to include • Weight events by order of importance • Earnings more important than technical analysis • Scoring that is dynamic based on distance from event date
Personalized	*Portfolio-based importance ranking*	MIND helps investors to efficiently monitor their portfolios: • Use additional ranking criteria based on the underlying security's weight in the portfolio • Results in a personalized list of events sorted by importance to that specific investor
